PortraitPro

This application needs to be activated before it can be used.

You will have received a license token when you bought PortraitPro, which is a code that starts with PLS-. If this machine is connected to the Internet, please select Automatic Activation, enter the token and press OK.

If this machine does not have Internet access, or you have a firewall that is blocking this application from accessing the Internet, please select Manual Activation and follow the instructions.

Automatic Activation Manual Activation

Go to the following URL:  PortraitPro

You will need to enter:

SF41-B/

The web page will then provide you with the license key that you will need to activate the application.

If you have saved the license key to a file, click this button to open the file and use the file open part of the dialog box to select the file.

Alternatively, if you have copied the license key text to the clipboard, press this button to read the key from the clipboard.
